

I think the goverment should leave thier nose out of the XM Radio it is something we pay for and listen to. The bottom line is this is America isn't it or do have Big Brother over looking an listening to all. It has become a sad day for the american people if we can't even choose what we want to listen to. The weather and traffic help the listener sure as myself, A self employed Truck Driver Who Is Registard To Vote As Is My Wife And Family And Friends Who Also Listen To The XM Radio I and my family plus friends OPPOSE HR 4026!!!!!!!!!!

THANK YOU

Randy F. short & Family
Also my friends
